About Us

Twin Finch Roastery is an authentic microastery; small, dedicated, and highly focused on quality. We have a constantly evolving, hand picked selection of fine coffee origins and delicious blends engineered to help you brew a cafequality cup at home.

Our coffee is roasted in a hot air, refractory lined roaster with an extraordinary level of control. The significance of relying on a high volume of hot air to roast coffee beans can't be understated. Most small coffee roasters use a single stage burner which offers virtually no control during the roasting process. The refractory significantly reduces hot spots which can damage coffee beans and produces a much more even roasting environment.

Online orders usually ship quickly and arrive within three business days. We only ship the freshest coffee and your satisfaction is guaranteed. Our rotating, featured coffees are roasted on a more limited basis and your order may be held until the next time a batch hits the roaster. We only ship whole bean, but will grind for you instore per request. You can buy from us directly at our Seattle storefront located at 457 NW Market Street.
